**MSC Enhances Its Oceania-Us Network**

MSC is pleased to announce the upgrade of its Oceania to US network, effective immediately.

The network is divided in two loops:

**Oceania loop 1** offers a new direct fortnightly call in Adelaide, Seattle, Vancouver extending our current coverage from Australia and New Zealand to US West Coast and Canada. The service will also call in Papeete, Tahiti on fortnightly basis, widening our presence in the Pacific area.

Rotation Australia, NZ to USWC and Canada: Sydney – Melbourne – Adelaide – Tauranga – Oakland – Seattle – Vancouver – Long Beach

Rotation Australia, NZ, Tahiti to USWC: Sydney – Melbourne – Tauranga – Papeete – Oakland – Long Beach

Oceania loop 2 provides weekly direct service to Cristobal and US East Coast, as well as competitive transit times from Adelaide to USA, via New Zealand.

Port Rotation: Sydney – Melbourne – Port Chalmers – Napier – Auckland – Tauranga – Cristobal – Philadelphia – Charleston – Balboa – Tauranga

Both loops enable MSC to also offer significant intermodal possibilities to Canada and US inland destinations via key ports such as Philadelphia, Charleston, Vancouver and Seattle.

For transit times information please look at [our dedicated presentation](#).

For any enquiry please contact your local MSC agency.
