Matson Navigation Company has been serving Hawaii since 1882 and is recognized throughout the state as the Islands' premier ocean carrier. Matson's role in the economic development of Hawaii has been significant. Its famed passenger liners and Waikiki hotels were instrumental in the development of tourism in the beginning of the last century. In the 1950s, Matson revolutionized shipping services to Hawaii when it introduced containerization in the Pacific.

Today, Matson's service to Hawaii is distinguished by the following features:

The Best Service Frequency To and From the U.S. Mainland

Matson offers six arrivals from the West Coast to Hawaii every 14 days, more than any other carrier.

Our schedule includes twice weekly service from Northern California.

From Southern California, Matson offers twice-weekly service, with direct sailings from Long Beach to Honolulu every Saturday and Wednesday.

; weekly Saturday departures from the Pacific Northwest.

Ocean Shipping, Truck, Rail & Logistics

Dedicated Neighbor Island Fleet

Shipping to Hawaii is easy with Matson's frequent, reliable schedules that extend to each of the major ports off Hawaii's Neighbor Islands: Kahului (/matnav/ports/kahului.html), Maui; Nawiliwili (/matnav/ports/nawiliwili.html), Kauai; and Hilo (/matnav/ports/hilo.html) and Kawaihae (/matnav/ports/kawaihae.html) on the Big Island of Hawaii. Service is also available to the islands of Molokai and Lanai (/matnav/ports/molokai.html).

'One Call Does It All'

Matson offers states of the art customer support contact center that simplifies the entire freight transportation process for shipping to Hawaii and beyond. By calling one toll-free number, customers can quickly and easily obtain information pertaining to any aspect of doing business with Matson, including rate quotations, booking, billing, schedules, equipment needs, shipment status and problem resolutions.

Online Transactions

For added convenience, Matson offers a Virtual Customer Support Center online (/matnav/online_services/index.html), allowing customers to utilize today's technology to book (/ocean-services/online-services/book.html), track (/ocean-services/online-services/track.html) and handle their shipment information needs. Through the use of customized booking templates, customers can complete a booking with a minimal amount of "clicks." Shipment tracking (/ocean-services/online-services/track.html) features allow customers to track the status of a container throughout its movement. Other online features include account balance information (/vcsc/login/matsonlogin.jsp), tariffs, vessel schedules (/matnav/schedules/index.html), submission of billing instructions (/vcsc/login/matsonlogin.jsp), and retrieval of billing documents (/forms-billing-admin.html). The site also gives customers the option of contacting an account specialist while online to assist with a transaction.

Intermodal Service from Any U.S. Point of Origin

In addition to our ocean transportation services, Matson is equipped to handle any inland transportation (/matnav/services/intermodal.html) moves needed to deliver your freight to any of our West Coast port facilities. Shipping with Matson allows you to simplify the transportation process by using one carrier to arrange the entire move to Hawaii, regardless of the point of origin.

Specialized Services

Matson can tailor a service that specifically fits your needs. In addition to our ocean transportation

our offerings include specialized container equipment and

STORE-DOOR SERVICES

About Matson (https://www.matson.com/corporate/about_us/index.html)

In selected communities near Matson's West Coast ports, Matson will arrange to deliver an

Shipping (<https://www.matson.com/matnav/index.html>)

empty container to the customer's loading facility and pick it up when loaded.

Logistics (<https://www.matson.com/logistics/index.html>)

Investors (<https://investor.matson.com/>)

Community (<https://www.matson.com/community/index.html>)

For shipments originating from or destined to points beyond the West Coast, Matson can

arrange the complete transportation from origin to destination using connecting rail and/or
 truck services (</matnav/services/intermodal.html>). Matson can move your Hawaii shipment
 to or from any point in the U.S. or Canada.

ROLL-ON, ROLL OFF (RO/RO) SHIPMENTS

Service for non-container wheeled freight and trailers that can be rolled on and rolled off
 special vessels is available in Matson's Hawaii Service between the West Coast ports of Long
 Beach and Oakland and the Hawaiian ports of Honolulu, Kahului, and Hilo.

NON-CONTAINERIZED FREIGHT SHIPMENTS

Matson can transport freight that may not fit in a container (</OversizedCargo/index.html>),
 including over-sized vehicles or heavy machinery.

VEHICLE SHIPMENTS

Matson carries thousands of cars, trucks, buses, and tractors every year. Vehicles are
 transported in specially designed auto frames, in containers, or in secure garage stowage.
 Book your personal car shipment online (</ship-your-car-with-matson-2.html>).

Specialized Equipment

Matson offers a wide variety of container types and sizes to meet the needs of our customers
 shipping to Hawaii. Our specialized equipment includes flat-racks

(/matnav/services/hawaii_equipment.html), dedicated chassis and refrigerated containers

(</reefer/index.html>). Refrigerated containers are available with the following optional service:

TECTROL REFRIGERATED CONTAINER EQUIPMENT

Matson will furnish refrigerated containers specially equipped to use preservative gases.

These containers use passive systems that introduce preservative gases into the container at

the load port. We also will pay advance charges due suppliers of these gases subject to the collection of charges from the shipper or consignee.

Matson specialized services designed to meet our customers' needs for shipping to Hawaii. For more information, please contact our Customer Service Center at:
